ALBANY PUBLIC LIBRARY BOARD OF TRUSTEES REPORT JULY 2016

EXECUTIVE SUMMARY

The Howe Branch park opening event June 28 was attended by South End residents and neighborhood and library representatives.

Newly elected trustees participated in an hour-long orientation, along with the executive director and president of the Board. The group also helped with the creation of an "on boarding" packet which will be shared with the BOT. It was a fantastic learning experience for both those coming onto the board and the administration.

Library leadership met with Rebekkah Smith Aldrich of Sustainable Libraries and Mary-Ellen Piché to work on a Change Management model for APL. A pilot project has been selected and we are looking forward to the outcome, as well as the process. The Executive Committee selected Anne W. Ackerson of Creative Leadership & Management Solutions as the facilitator for APL's strategic plan process. Ackerson met with the executive director and assistant director. We have shared a Dropbox folder full of pertinent information and will begin scheduling the process in the next few weeks.

The director and CFO drafted RFPs for auditing services and legal services. Those have been sent and we have been receiving additional inquiries from interested firms. The room switch at Washington Ave, is complete, with Youth

Services now having its own program space attached to the room (formally the PCC lab). Albany Made has taken over the Tompkins room for digital instruction. That technology space will also act as a meeting/training room for staff. Administration has been meeting with Envision, our architect firm, about the CDTA project happening this fall.

We are also exploring the possibility of providing wireless hotspots for parks in the city, including potential hotspots at Washington Park as part of the skate park and the proposed downtown dog park. We are looking into issues with the library's mobile app, after getting reports of multiple issues from the public. The pilot program for in-house loaning of Chrome Books at Washington Ave. has started. Pine Hills hosted a well-attended art show opening. Several members of the staff and board attended the UHLS annual dinner. Last, but certainly not least, we cut the ribbon on Howe's park.

Special Report: Staffing and Civil Service

The Public Relations Department, HR, and admin have been working on recruitment for open positions and clerk positions. This includes reaching out to community leaders and the creation of flyer templates that will be posted in key community areas outside of the library. The library will continue to promote jobs during outreach and explore a presence at local community job fairs. During this process, the organization realized the need for a committee to handle onboarding for staff as a multi-level process.

In the wake of the last staffing crisis, the library is exploring different options for hiring beyond recruitment and retention. This includes very preliminary conversations with Albany County Civil Service. We are still waiting on state civil service on the community customer service clerk spec sent last year (letter sent to city civil service on June 18, 2015 and forwarded on to state civil service on Aug. 2, 2015).

The ED met with city HR to discuss our issues, including concerns brought to us by staff, public, and the union. We are exploring different ways to request the civil service list. The city would like to keep the openings for local resident only for now because the list is very deep. The city will also be looking into the L1 – L3 exams and lists. We were also told that the majority of applicants that go through the city HR office are applying for library jobs.

So far, for 2016 the separation rate is at 6.6%. However, if you discount individuals who resigned full-time positions, but stayed with the organization as temps, the rate is 4.1%. Nonprofits report a turnover rate from 10-19% in recent years.

Friends:

The Friends have agreed to donate \$3,500 to the annual Summer Reading Program. A new slate of officers has been elected to the FAPL Board. The new president is Paul Hacker and vice president is Wilma Waithe.

Foundation:

The Foundation is currently working on a plan for the growth of the organization. The Foundation Board is exploring if it will continue to move forward with a consultant or possibly hire an executive director. The Foundation is also exploring some different ideas for fundraising, including an event at Blaze Pizza (Date TBA) and a "Bike the Branches" type event.

Adult Services

- Staff hosted several successful drop-in sessions in the digital lab for citizenship test preparation and ESL learning. Two ESL classes used this opportunity to practice speaking and listening to English, and also for completing homework assignments. Some students hadn't used a computer prior to this experience. This program is funded by a UHLS literacy mini-grant.

- Many underage or improperly supervised children have caused issues and we are trying to be more alert to intercept underage children as they enter the building.
- Noise level from parents and children talking in the children's computer/juvenile nonfiction area continues to be a serious problem. It is difficult for adults to concentrate as they use computers and try to read and study in other areas.
- A computer instruction class is in its fourth week, but attendance is following a trend where people ask for classes and register, but then do not show up.
- The eDevice appointment program has better attendance. Branch is considering stopping the group instruction programs in favor of the one-on-one appointment-based instruction.
- Library Links customers continue to express gratitude for the program. So far this month we have 11 readers and six volunteer couriers who have made 11 deliveries.

Youth Services

- "Monday Lab" finished for the summer on June 6. A Cornell Cooperative Extension Master gardener showed children how to plant tomato, pumpkin and pepper plants in pots that are now in the branch's back garden.
- Four 1st grade classes from New Scotland Elementary School visited June 9. They enjoyed stories and learned about summer reading. 90 children, 10 adults attended.

Adult Services

- We had our last art class of the season, which was very popular as always.
- Losing our full-time clerk and library assistant within a few weeks of each other has left us very short-staffed, and we are scrambling to keep up. Everyone has been doing a great job pitching in and working together to keep the library running.
- The summer/fall art show, "Too Many Words", is up. A lot of hard work on the part of everyone involved led to a successful opening reception at the beginning of June.

Youth Services

June has flown by as we've been preparing for the Summer Reading Program. Staff have been doing school visits
and preparing the Summer Reading logs. The youth services librarian received a certificate of appreciation from
Albany City Schools for all of the school visits and outreach she's done with the school district.

- After just five days, Pine Hills had 79 participants signed up for the Summer Reading Program! The Beat Bots Camp has been running smoothly during our first week and they've gotten great attendance as well. Next week, we'll be doing our first program of the summer, Old Timey Games where we'll be playing jacks, dominoes, ring toss among other beloved games.
- Circulation has increased since May 2016, which is expected due to the Summer, but it is proving to be a
 consistent number, which is a positive. Young Adult fiction has increased substantially from 2015 to 2016, over
 100 books.

- Raising A Reader is off to a great start here we have one family that is already at 300 books.
- The SRP kick-off ice cream party went very well with over 100 people in attendance and 40 children registered for the Summer Reading Program.
- The Wi-Fi password was removed at the end of the school year. By requiring that anyone under the age of 18 be with an adult to receive the Wi-Fi password, Delaware helped cut down on the number of disruptive and disrespectful teens who were hanging out and causing the majority of problems both inside and outside the branch. As a result, many teens who we have not seen in the library before have started to come in after school to do homework and use the computers and are becoming regulars at the library.

 UHLS reporting of Sierra circulation numbers only started in June 2015, so we can now begin to make some general comparisons to last year for these areas of APL's collections.
- "New Release Tuesdays" program at Washington Ave. has directly resulted in 108 circulations since it began, and has become quite popular with our patrons and the Friends.
- CMS LA attended the New York State Library Assistants Conference in Chuataqua, NY, where she was one of only six to be awarded a certificate of achievement.

- Garden is now open at Howe Branch. Temporary Benches have been installed until permanent ones arrive.
- New HVAC controls system installation is complete for Arbor Hill and Bach. These controls will aid in allowing us better control of energy and operation times. They have been integrated into a web browser to allow for easier use.
- Estimates are being done to allow for Washington Ave. to have new lock controls put on side entrance for new staff entrance and for public access during the CDTA project.
- Estimates have also begun for allowing doors to be locked at Washington Avenue on the first floor so that the auditoriums can be used for after-hours programs just like our other branches.
- Since Technology Commons moved to the first floor at Washington Ave., we have finished the Thompkins Lab by repainting and moving around computers and desks for Albany Made classroom space. We have also repainted and moved around the old Blue Computer Room and made it into the Youth Services program room.

FINANCE

- Held conference call with executive director and other principals to discuss refinancing the Series 2007 bonds.
- Completed training all supervisors on the purchase order system.
- Began discussion with our insurance broker on getting new medical insurance rates for 2017. Although
 the new options and rates are not currently available, broker understands that APL needs the
 information as early as possible for contract negotiations.
- Continued communication with Marshall and Sterling to bid out building insurance.
