Growing Readers gives your child the foundation to become a successful reader.

Did you know?

A Learning to read should begin before your child enters Kindergarten.

B The best way to get your child ready to read is to read to him or her.

C Families who read together improve their children’s vocabulary.

D Children with larger vocabularies become better readers!

Growing Readers is free & self-paced. It’s easy to participate. Plus, the rewards are priceless!
